The Canadian Apprenticeship Forum (CAF-FCA) is a national, non-profit organization dedicated to promoting apprenticeship training across Canada. We bring together stakeholders from various trades and sectors to share information, identify challenges, and propose joint solutions, thereby influencing apprenticeship strategies through research, discussion, and collaboration.

As we celebrate our **25th anniversary (2000-2025)**, we continue to champion apprenticeship excellence and innovation across Canada.

Enhanced Value of Membership at the Champion Level

Access to the NEW LMI Edge Dashboard:

Find the exact data you need for your trade and province or territory. Provide your leadership team with the information they need to make strategic decisions about apprenticeship training.

Participation at the Champion's Table Advisory Group:

Engage with top-level members to share best practices and collaborate on initiatives that enhance apprenticeship outcomes.

Membership Levels

We offer three levels of membership to suit your organization's needs:

MEMBERSHIP LEVEL	ANNUAL FEES	VALUE
Champion Member	6,000 \$	150,000 \$
Patron Member	3,700 \$	60,000 \$
Supporter Member	1,200 \$	20,000 \$

The value of membership is calculated based on the average cost to undertake similar research projects. Conducting world-class research is costly, and most stakeholders do not have the resources or expertise to conduct their own extensive national research. CAF-FCA provides members with an opportunity to provide input into where research is needed and on what subject and receives the results back in the form of reports and infographics that highlight meaningful and useful data.

** all memberships are billed annually for the period of January 1 - December 31.*

MEMBER TESTIMONIALS

The IUOE has been a member of CAF-FCA since 2012. Since that time we have benefited greatly from informative workshops and valuable research material that has helped the way we ourselves approach our apprenticeship training.

Lorna Harnum,
International Representative, IUOE

CAF-FCA has been an incredible support to our organization and all of our graduates by championing the skilled trades and building a community that celebrates the apprenticeship model.

Carol Moen,

Apprentices are the lifeline to the future and that's why CAF-FCA is so important. We need a strong apprenticeship system for our youth and our industry. That's why CAF-FCA is here, and that's why BCCA is proud to be a member.
